3rd Neil Keddy 411.9

The 7th Welsh Championships was a very lively affair, a great days lifting with a wide mix of lifters on the platform from World Champions to first time IAWA lifters, from Juniors to Masters, and some taking part whilst rcovering from injury and illness. The day went really well and lots of records were broken. Big congratulations to Neil Keddy and his support team for putting on the event in Port Talbot. And again well done to the winners of the Best Lifter Awards but also to all of the lifters who were all superb on the day!
